

# HELP US HONOR WW II

## LOYALTY ★ BRAVERY ★ COURAGE

### HERE AT HOME & AT WAR

JACL needs your help to complete a large bronze monument, "Rescue of the Lost Battalion," which is dedicated to Americans of Japanese Ancestry who served during WW II in the 442nd/100th Battalion and the Military Intelligence Service (MIS) – and to their families and fellow citizens who were interned during the war.

*This memorial and a set of original educational materials will ensure that future generations remember that historic era, when so many were challenged to prove their loyalty to our country.*

*Three veterans of the 442nd recently visited the foundry to see the full size sculpture in progress. With your support, the bronze could be poured in November!*
